

Adrián Moreno Peña

Engineering Leader

Engineering leader with 17+ years across SaaS in fintech, e-commerce, mobile and digital-native products — operating as VP, Director, Tech Lead and individual contributor in Spain, the Netherlands and Denmark. Combines hands-on technical depth with strong business acumen, building multi-disciplinary teams that ship sustainable outcomes. Energetic, self-driven, and known for breaking silos between engineering, product and go-to-market.

Work experience

- 2025-now** ● **Head of Engineering → VP of Technology Worksome**
Copenhagen, Denmark
VP of Technology reporting to the CTO. Lead a ~10-person Product, Engineering, and Design team — aligning business, product, and engineering execution so the company scales sustainably.
- Leading a ~10-person Product, Engineering and Design team across business, product, and engineering execution.
 - Growing the business with a leaner team — capacity built on talent density and AI leverage, not headcount.
 - Bridging GTM and engineering execution to keep the business and platform scaling sustainably.
- Skills:** *engineering leadership, product strategy, GTM alignment, AI leverage, team scaling*
- 2021-25** ● **Engineering Manager → Director of Engineering → VP of Engineering, Tribe Lead SumUp**
Copenhagen, Denmark
Grew through three levels of scope (EM → Director → VP) over four years, ending with P&L responsibility for the Invoices & Accounting tribe — ~30 FTE across 4 squads, delivering mobile and web experiences inside the SumUp SuperApp. In parallel led the global Incident Response process across Engineering, Risk, Compliance and Operations (~900 FTEs).
- Maintained yearly recurring SaaS revenue through a brand and platform migration, and introducing a new subscription plan.
 - Increased >20% MAU by introducing a new product line.
 - Reduced time required to coordinate incidents by >60%.
- Skills:** *team leading, coaching, agile development, product development, stack modernization, architecture, strategy*
- 2019-21** ● **Technical Lead → Engineering Manager VanMoof**
Amsterdam, The Netherlands
Insourced the e-commerce and subscription platform for a Direct-to-Consumer brand, integrating ERP, CRM and customer-facing portals across the vertically-integrated experience. Led and coached internal and external teams while structuring engineering through the hyper-growth phase.
- Improved CI/CD times for e-commerce by >50%, reducing downtime by >70%.
 - Led automated QA and code standardization efforts, lowering production defects by 30%.
- Skills:** *team leading, coaching, agile development, scrum, e-commerce, roadmap, high scalability, cloud computing, AWS, serverless, devops, magento, drupal*
- 2017-19** ● **Technical Lead Emakina.NL**
Amsterdam, The Netherlands
Technical Lead on the agency's largest contract — an international e-commerce, CRM and service platform in the Salesforce ecosystem (SFCC, Service Cloud, Mulesoft). Oversaw enterprise architecture, accessibility, technical scoping and team coaching; partnered with Marketing on e-commerce KPIs and ad spend.
- Championed accessibility improvements, achieving WCAG 2.1 level AA compliance.
 - Integrated with PIM and DAM systems, lowering time to market new campaigns.
- Skills:** *team leading, coaching, agile development, scrum, e-commerce, design sprints, high scalability, Salesforce (Commerce Cloud, Service Cloud)*
- 2015-17** ● **CTO Pocket Media**
Amsterdam, The Netherlands
Led the technology org (~15 FTE) of a mobile advertising agency as part of the Management Team — defining strategy, product roadmap, hiring and execution. Delivered high-scale mobile and web platforms for targeted advertising and near-real-time big data reporting.
- Development of a new SaaS platform for Native advertisement (Android, iOS, web, Unity).
 - Operated in-house applications and games with thousands of DAU.
 - Performance improvement of +1000% (by re-platforming PHP → Golang).
- Skills:** *advertising, product management, roadmap, tech & business alignment, strategy, mobile, scrum master*
- 2015** ● **Senior Mobile Applications Developer · The Mobile Company ·**
Amsterdam, The Netherlands
- 2011-15** ● **Co-Founder, Technical Lead · Zadia Software ·** Santiago de Compostela, Spain
- 2007-11** ● **Analyst Programmer · Bahia Software, Coremain ·** Santiago de Compostela, Spain
